2. Course Evaluation

Very helpful that he picks areas that we have difficulty with and clarifies them. I also like how he gives basic explanations and then asks us questions to involve us.

The structure has improved the past couple of weeks.
It has been helpful to go over no-stamped questions

HELPFUL WERE THE ANALOGIES HE SOMETIMES COMES UP WITH.

Teacher is very good. He makes the classes fun & stimulating - for maths anyway - best of my teachers by far..

Helpful bits:
encourages participation
creates ~~good~~ light hearted atmosphere in ^{classes for} an
otherwise hard course

The teacher makes sure everyone interacts but does so in a way that is not intimidating but more intellectually stimulating

Intellectually stimulating

Needs more classes

More exercise sets for each week/topic(s)

Helpful: Involves students, friendly, funny

To improve: clarity of explanation
